

WORKSHEET E (OPTIONAL)

Animal Skeletons

Choose an animal that you would like to research and complete the following worksheet:

Answers must correspond to the learner's selection of an animal.

1. What is the name of this animal? (1)

2. Do you know what the scientific name for it is?
(E.g. a dog is called *Canis lupus familiaris*) (1)

3. Is this animal a vertebrate or invertebrate? (1)

4. What type of skeleton does this animal have? (1)

5. How does this animal move? (3)

6. Draw a picture of the animal's skeleton. (3)

7. OPTIONAL: Can you make a model of this skeleton and label it? (5)

Teacher to use own discretion

[TOTAL 10 / 15]
