

QUIZ 4

Test your knowledge on the Solar System.

Instructions:

- Prepare answer flash cards for the learners. The learners can work in groups of 2-3 boys against the girls.
- Ask the learners the questions below one at a time and ask them not to shout out the answer, but to hold up the corresponding true/false card.
- Record the number of correct answers and incorrect answers.
- Before moving on to the next question, provide the correct answer and explain briefly why, if required. Should most of the answers be incorrect, you will have to spend a little time explaining.
- Continue with the questions moving along only after each question has been answered and discussed (briefly).
- Add your own questions to test their knowledge from Grade 4 & 5.

TRUE

FALSE

Questions:

1. **Is the Earth:**
 - a) flat
